

XPEL Anti-Static Window Tint Cleaner

XPEL Anti-Static Window Tint Cleaner Designed to clean and remove fingerprints and smudges while leaving an ultra-slick, polished, static and streak-free finish. Our formula was created to eliminate the static cling on your tinted surfaces or glass. XPEL Anti-Static Window Tint Cleaner helps clean and repel water on tint, glass and mirrors. The anti-static properties leave the surface smooth without attracting dust and lint.

DO NOT APPLY IN DIRECT SUNLIGHT – APPLY ON A COOL SURFACE ONLY. ALWAYS SHAKE BOTTLE WELL BEFORE USING

Directions:

1. Spray XPEL Window Tint Cleaner directly onto a cool dry surface
2. Spread XPEL Window Tint Cleaner around the surface with the XPEL Waffle Weave microfiber towel (R1343)
3. Using a new section of the waffle weave towel, buff to a slick polished finish.
4. Reapply as needed

Note:

Always shake bottle well before using product.

Caution:

Do not apply in direct sunlight. Apply on a cool surface only.
