

PRODUCT **BULLETIN**

EFFECTIVE DATE March 24, 2023

SUBJECT New Product | Tools & Accessories | XPEL Silicone Squeegee 4" - R1052

APPLIES TO XPEL Dealers (All Markets)

DESCRIPTION

XPEL launched a new 4" silicone squeegee (R1052) designed for the efficient application of paint protection film (PPF) on smaller, hard-to-reach areas.

The new 4" squeegee is made with high-quality silicone material. It is heat, chemical, and abrasion-resistant, ensuring durability and flexibility. Its double-tapered spade edge design enables precise application, resulting in a smooth, bubble-free finish. With an ergonomic handle design, the squeegee provides a comfortable grip, reducing hand fatigue during extended use.
